## FROM THE FIELD...

Some have doubts. Others have excuses. All of us have Questions. Inspired by the popular TV series, our church has launched a extensive, fifteen message series titled "CSI: Hillcrest" (Christ & Scripture Investigated) to find answers to those questions. Individual messages include: "Preponderance of Evidence", dealing with the existence of God, "Eliminating False Leads" which confronts head-on the politically-correct notion that "it doesn't matter what you believe as long as you are sincere, and "Verifying the Evidence" which addresses the reliability and inspiration of the Bible.

In addition to teaching from the pulpit, books and related article reprints are available for those looking to go deeper. We hope to send the roots of those who already follow Christ deeper while removing obstacles from those who have yet to give control of their lives to Jesus.

## For Your Consideration...

By now, you are probably aware that the MBC Annual Leadership Conference (formerly known as "The Annual Celebration") is going to be held at First Baptist, Glenarden on May 17-18<sup>th</sup>. We've designed this event to be of great value to church leaders, vocational and volunteer alike.

As a special benefit to "church pruners" (i.e. pastors of established churches) registering to attend the sessions with Gary Harrison on Thursday, Gary will be making available a new profile being developed to combine the best elements of Myers-Briggs, StrengthFinders, DISC, and similar instruments. Once you have registered for the Harrison seminar, you'll be sent information about how you can participate electronically, prior to coming to DC in May.

**Don't miss this unique opportunity!**

Selah: "The way of Christian witness is nei ther... qui et i st wi thdrawal , nor... Herodi an compromise, nor... angry, militant zeal. It is the way of being in Christ, in the Spirit, at the place the world is in pain, so that the healing love of God may be brought to bear at that point."
